

“ We are proud to reflect on a year marked by significant achievements and growth. Our commitment to quality has driven our success, positioning us at the forefront of the electrical

conduit fittings industry. Looking ahead, we are excited to embrace new opportunities and continuing to deliver exceptional products with an extensive inventory, ensuring a bright and sustainable future for our family business, customers and community. ”

ANNOUNCING Promotion of Ilrick Georges to Plant Supervisor

We're thrilled to announce Ilrick Georges' promotion to Plant Supervisor at PECO Electric in 2023.

Joining us in June 1998 as a Die Cast Machine Operator, Ilrick has

been integral in our production, particularly in Cable Supports Bodies & Wedges for Vertical Risers and Flexible Couplings for Hazardous Locations. His past role as Union Steward fostered excellent union/management communication. Ilrick's new position is key to our long-term growth.

ARC Lends a Hand

THE ARC ROCKLAND PROVIDES WAREHOUSE SUPPORT & A LOT OF JOY

Beginning April 2023, PECO has partnered with **The Arc Rockland**, integrating their team into our product packing operations. This collaboration, involving 4-5 Arc workers visiting us weekly, has significantly enhanced our warehouse efficiency and brought immense joy to the workplace. The Arc supports individuals with intellectual and developmental disabilities, offering diverse programs and services. We advocate for other businesses to explore similar partnerships. For more information and to find your local chapter, visit <https://thearc.org/find-a-chapter>. A shout out to Jules "Ernst" Hilaire, from our warehouse team, for his support to Arc.

WE ♥ INVENTORY

At PECO, conducting an inventory is more than a task; it's a team-building experience, enhancing cooperation and strengthening interpersonal connections among colleagues.

Welcome New Reps

We're excited to announce the expansion of our sales team with new representatives in several regions. We're welcoming new talent to cover areas in Arizona & New Mexico, Northern Texas, Northern Illinois including Northwest Indiana & Southern Wisconsin, as well as Kentucky, Indiana & Oklahoma. This expansion represents our commitment to better serve these areas and enhance our presence in these key markets.

PECO Gets LEAN

Our team is adopting new processes across our operations and aligning with the first steps towards a new ERP technology platform.

Collaborating with **Ignition Life Solutions**, PECO embraced Lean Manufacturing and Management training, enhancing process efficiency. This pivotal move towards an Enterprise Resource Planning system—going live by end of Q1—marks a significant step in streamlining operations, from order receipt to shipping and billing, significantly improving order fulfillment times for PECO and its customers.

SIGNS OF SUCCESS
