

**Scott Aronson**  
 President

As we gear up for 2025, we can look back at 2024 as an outstanding year for PECO. We launched a new Enterprise Resource Planning (ERP) system to enhance shipping turnaround and streamline operations. Among our expansions is a new presence on the West Coast with August Agents representing Southern CA and NV—a fantastic addition to our team. PECO also earned multiple workplace awards, thanks to our commitment to employing team members with intellectual and developmental disabilities. We increased warehouse capacity by 8,400 sq. ft. (going live in 2025) to better support our 7 regional rep warehouses and customers.

Another milestone—PECO celebrates 90 years of continuous operations this year. ”

## Celebrating 90 Years of Continuous Service in 2025

Founded in 1935 by Louis and Minerva Levine, PECO began selling high-quality conduit fittings before and during WWII. Under the long-time leadership of Arthur LeMay, PECO overcame challenges like a devastating fire at our Bronx facility in the 1970s. Since Art's passing in 2018, we've upheld his commitment to quality and service. Now supported by a nationwide network, this milestone reflects our dedication to innovation, excellence, and strong community partnerships. Thank you for being part of the #PECOdifference as we honor our legacy and embrace the future!

CELEBRATING  
**90**  
 YEARS  
 1935-2025

## HONORED WITH TWO AWARDS FOR DISABILITY EMPLOYMENT ADVOCACY

We were honored to be recognized as one of four statewide recipients of The Arc New York's 2024 Employer Recognition Awards and also by the NY State Education Department as a Regional Partner for our dedication to supporting individuals with disabilities in the workforce.

PECO remains committed to fostering an inclusive workplace and maintaining meaningful community relationships. Thank you to The Arc Rockland for being our valuable partner.

## SUPPLYING ANOTHER AMAZING HIGH-RISE PROJECT

PECO is proud to be the exclusive Cable Support supplier for JPMorganChase's new headquarters at 270 Park Ave, New York City. Having also been a supplier for The Freedom Tower, we continue setting industry standards for excellence & reliability and remain dedicated to innovation in high-rise construction.
